

From strategic consulting to UX Research & Design, from mobile development to smart solutions based on Artificial Intelligence, we are part of some of the most important business transformation projects in Italy and internationally.

Assist Digital is composed of people who have the passion of their trade and believe in the value of their resources to grow and propose innovative solutions.

We are creating a Multi-Competence Team in Tirana and we are looking for a

## Senior Java Developer

### What will you do?

You will be part of a team of technology-savvy specialists and you will participate in the design and development of solutions based on Java Enterprise technology.

You will take care of technical analysis, definition of software architecture and implementation of the solutions.

You will be personally involved in choosing the software and technologies to be used, trying to optimize performance and development time.

### Who are you?

You are a high school graduate or a University graduate, preferably in computer science and have gained 3/5 years of experience in the role of ICT services companies where you participated in significant development projects, relating to one or more digital channels (web, mobile ...) and various industries: Telco, Banking, Travel, Utility.

You have the following requirements:

- Excellent knowledge of the Java EE environment on the Wildfly platform
- Excellent knowledge of MySQL: ability to design databases, knowledge of the E-R model, knowledge of SQL
- Experience in using the main Open Source development tools (GIT, MAVEN, NEXUS)
- Experience in using agile methodologies for software development
- Knowledge of non-relational databases is appreciated (Mongodb)
- Knowledge of search and analytics engines is welcome (Lucene, Elasticsearch)
- Knowledge in the big data field is appreciated (Hadoop)
- Knowledge in the JavaScript field is welcome (Nodejs)
- Attitude to team work, knowledge sharing and collaboration
- Technical leadership, interest in knowledge development and innovation
- Written and spoken English
- Knowledge of Italian will be a Plus

The ideal candidate must also be motivated towards counseling as a professional choice, mentally open, curious, with enthusiasm and energy, with excellent communication skills both in writing and in oral presentation.

Available for work trips.

### What do we offer you?

A path of growth aimed at enhancing skills. A stimulating work environment where you will have the opportunity to express your passions and increase your skills by working on challenging projects, together with a motivated and passionate work team.

**Assist Digital in 2017 obtained the certification as Great Place to Work in Italy.**

The research is aimed at candidates of both sexes.
