

**THE FACULTY OF NATURAL AND HUMAN SCIENCES HOSTED THE
INTERNATIONAL CONFERENCE THEMED: “DIDACTICAL IDEAS,
EXPERIENCES AND PRACTICES TO INCREASE THE EFFECTIVENESS OF
KNOWLEDGE TRANSMISSION”**

On November 10-11, 2017, at the Faculty of Natural and Human Sciences (FNHS) of the University “Fan.S.Noli”, there was organized the IInd International Conference themed: “Didactical Ideas, Experiences and Practices to Increase the Effectiveness of Knowledge Transmission”. The main purpose of this conference was to exchange experiences on facilitating the mutual work; teaching - learning. This conference was attended by representatives of the universities of Albania, Kosovo and Macedonia. The opening speech of the conference was held by the Dean of the FNHS, Prof.Dr. Gjergji Pendavinji. The conference was also greeted by the rector of “Fan S. Noli” University- Prof. Dr. Ali Jashari, the Rector of UBT College, Kosovo, Prof. Dr. Edmond Hajrizi, the Dean of the Faculty of Philosophy at the University of Pristina, Prof. Dr. Bujar Dugolli, and the Director of the Center for International Relations and Balkan Studies, Macedonia, Dr. Asrim Sinani. Another greeting speech was sent by Prof. Dr. Hysen Mankolli, who, as the main supporter of the conference, will ensure the publication of the five best papers in one of the most prestigious magazines in the United States. The rest of the papers will be published in the conference proceedings, “Didactics of Sciences 2017”.

The conference continued with the speeches of Dr. Lorena Kelo and the pedagogue Sotirag Marko.

The second day of the conference continued with the presentation of 54 materials divided into five parallel sessions: the session of psycho-pedagogy, linguistics, mathematics, physics and informatics, as well as the session of medical sciences.
