

From strategic consulting to UX Research & Design, from mobile development to smart solutions based on Artificial Intelligence, we are part of some of the most important business transformation projects in Italy and internationally.

**Assist Digital** is composed of people who have the passion of their craft and believe in the value of their resources to grow and propose innovative solutions.

We are creating a Multi-Competence Team in Tirana and we are looking for a

### **Senior Android Developer**

#### **What will you do?**

Your main objective will be the design and development of mobile applications for Android platforms (Smart phones, Tablets), actively participating in discussions and technical decisions.

You will be an integral part of the development and maintenance of our mobile applications. You will work with Agile methodology.

#### **Who are you?**

You have a degree in technical / scientific disciplines and have gained 3/5 years of experience in the role of ICT services companies where you participated in significant development projects, relating to one or more digital channels (web, mobile ...) and in various industries: Telco, Banking, Travel, Utility.

You have the following requirements:

- Development of native Android applications since version 4.0.
- Experience with Android technologies and development tools (Java, Android Studio, Gradle)
- Excellent knowledge of the architectures of mobile applications in native and hybrid contexts.
- Experience of integration with web services from mobile applications (REST with JSON, http, HTTPS, OAuth).
- Excellent knowledge of the development cycle of mobile applications.
- Knowledge of the systems and tools for the source and CI protocol (git, gitlab, SourceTree).
- Experience with open source libraries (Retrofit, OkHttp or others)
- Fluent knowledge of the English language
- Knowledge of the Italian language will be a Plus.

The ideal candidate must also be motivated towards counseling as a professional choice, mentally open, curious, with enthusiasm and energy, with excellent communication skills both in writing and in oral presentation.

Available for work trips.

#### **What do we offer you?**

A path of growth aimed at enhancing skills. A stimulating work environment where you will have the opportunity to express your passions and increase your skills by working on challenging projects, together with a motivated and passionate work team.

**Assist Digital in 2017 obtained the certification as Great Place to Work in Italy.**

The research is aimed at candidates of both sexes.
