

„Lifelong learning for sustainable agriculture in Alps-Danube-Adriatic Region” -LifeADA

Tempus project N°: 544595-TEMPUS-1-2013-1-HR-TEMPUS-JPHES

Prof. Renata Bažok, Ph.D.
University of Zagreb Faculty of Agriculture

Project coordinator:

- University of Zagreb, Faculty of Agriculture

EU partners (4)

- J. J. Strossmayer University of Osijek, Agricultural faculty, Croatia
- Universität für Bodenkultur Wien, Austria
- University of Hohenheim, Germany
- University of Ljubljana, Slovenia

Non-EU partners (6)

- Fan Noli University, Korce, Albania
- Agricultural University of Tirana, Albania
- University of Mostar, Bosna and Hercegovina
- University of Sarajevo, Bosna and Hercegovina
- University of Pristina, Republic of Kosovo
- University of Montenegro, Montenegro

UNIVERSITÄT HOHENHEIM

WIDER OBJECTIVES

- (1) to modernize and harmonize higher education by development of Lifelong learning (LL) system for sustainable agriculture in non-EU Alps-Danube-Adriatic region countries;
- (2) to enhance networking between EU and Partner countries (non-EU) in Alps-Danube-Adriatic region by promoting LL system as a tool for permanent modernization of higher education.

SPECIFIC OBJECTIVE (1)

to develop the strategy for lifelong learning in sustainable agriculture among partner institutions in order to initiate and develop different models of lifelong learning;

SPECIFIC OBJECTIVE (2)

to establish pilot activities of lifelong learning in partner institutions;

SPECIFIC OBJECTIVE (3)

to set quality benchmarks and indicators for lifelong learning competencies in the field of sustainable agriculture;

SPECIFIC OBJECTIVE (4)

develop an appropriate guidance and counseling services.

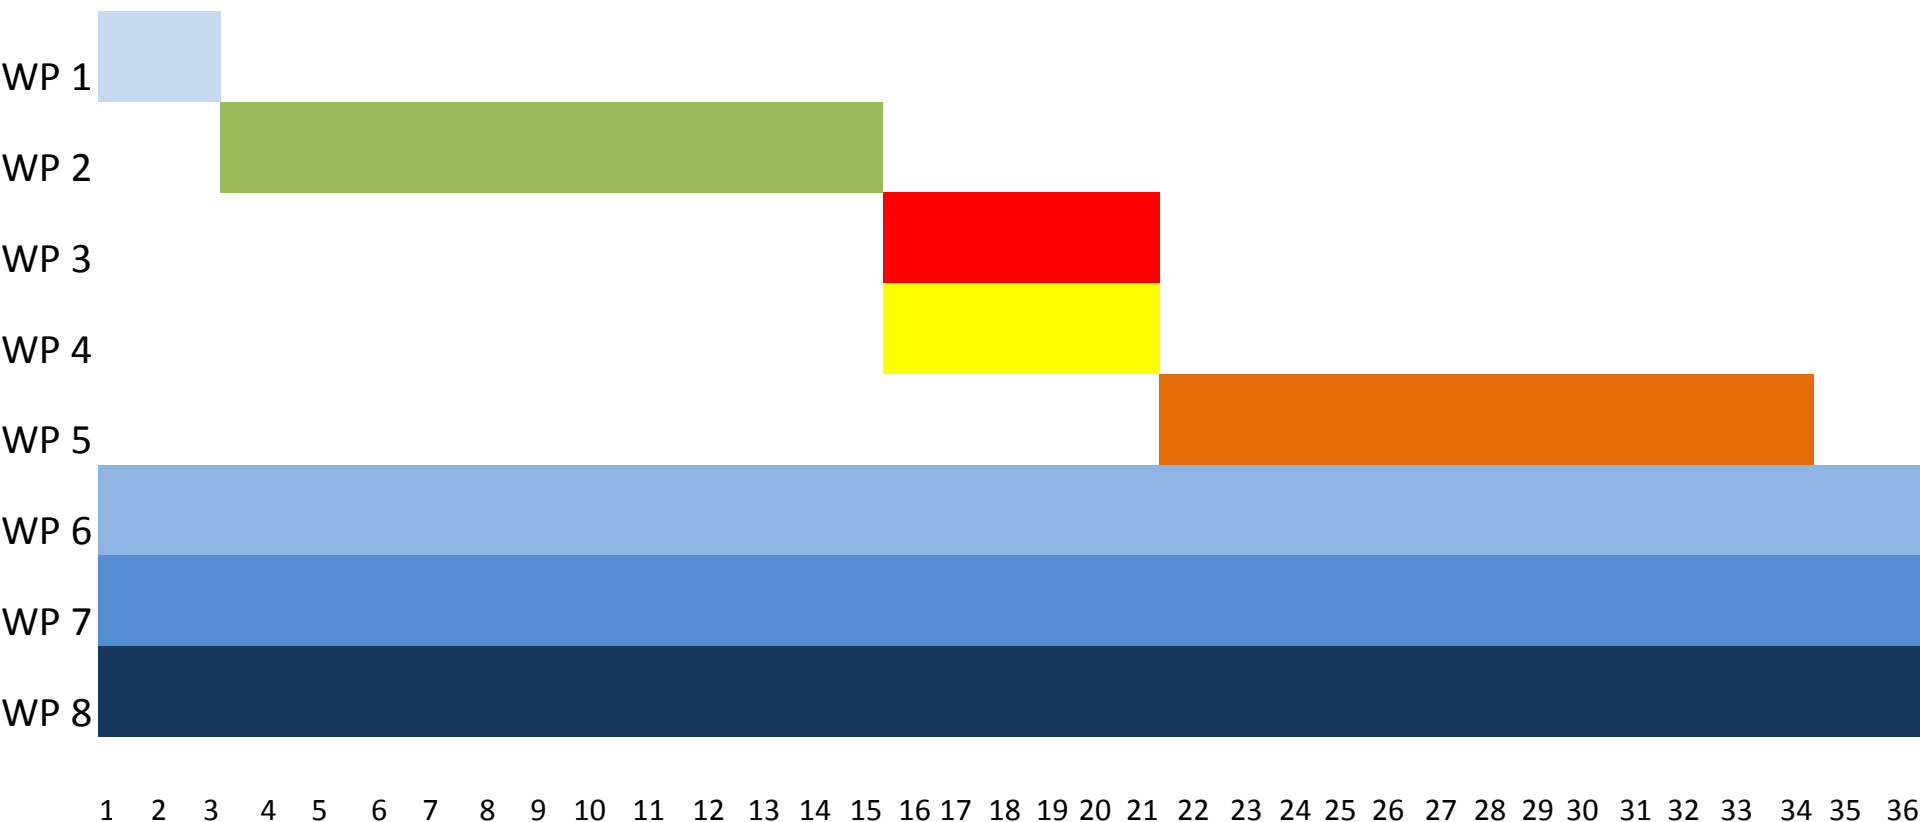

WORK PACKAGE	Short	SHORT TITLE
WP 1	Network of working groups and development of working concept	NETWORK
WP 2	Analysis on LL potentials and needs in sustainable agriculture	ANALYSIS
WP 3	Harmonization of Lifelong Learning (LL) system	HARMONIZATION
WP 4	Development of Lifelong Learning pilot activities for Sustainable Agriculture	DEVELOPMENT
WP 5	Implementation of pilot activities and on-line courses	IMPLEMENTATION
WP 6	Dissemination	DISSEMINATION
WP 7	Quality control and monitoring	QUALITY CONTROL
WP 8	Project management	MANAGEMENT

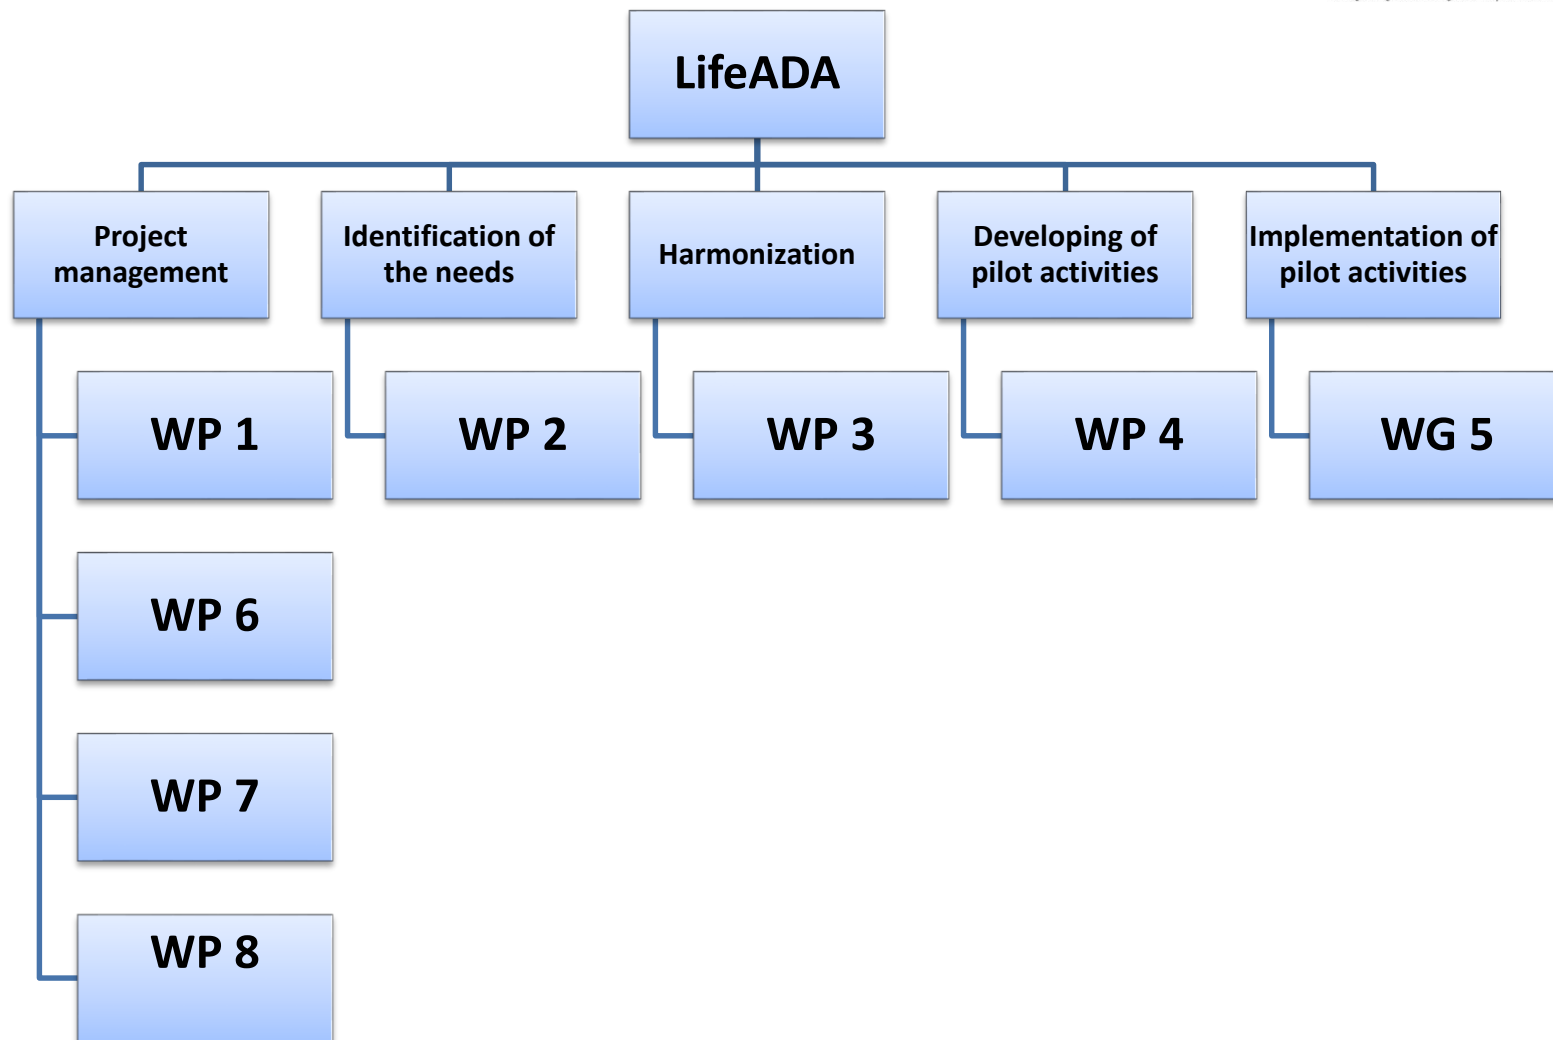

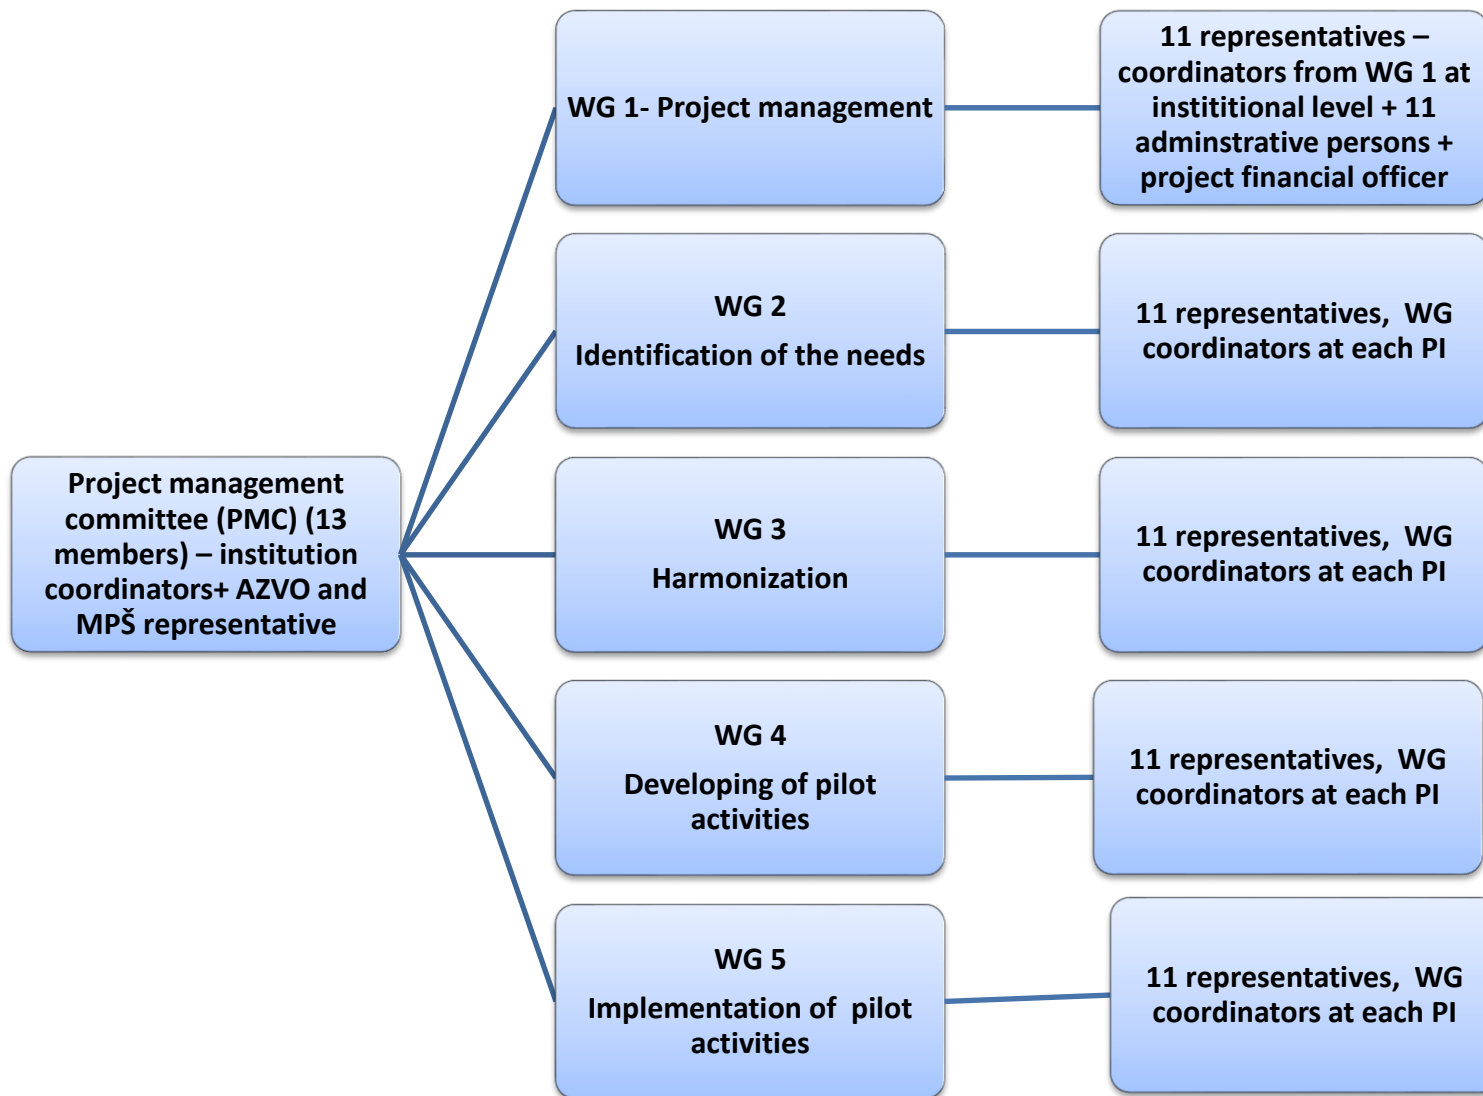

UNIVERSITÄT HOHENHEIM

Project timeline

WG 1

- **Main tasks**
- **To coordinate project activities**
- **To ensure successful project implementation**
- **To communicate with EACEA**
- **To ensure dissemination of the results**

WG 2

- **Main tasks:**
- **To establish LL potentials at partner institutions**
- **To establish LL needs in non EU countries (plus Croatia)**
- **Based on the “case studies” from EU partner countries to show good and not so good examples of LL praxis**

WG 3

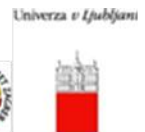

- **Main tasks**
- **To prepare regional guidelines for developing national strategies for LL**
- **To develop national strategies for LL for sustainable agriculture in non EU partner countries**
- **To harmonize strategies for LL for sustainable agriculture among partner countries**

WG 4

- **Main tasks:**
- **To improve teachers competences for LL**
- **To define, develop and prepare pilot LL activities in the field of sustainable agriculture**

UNIVERSITÄT HOHENHEIM

WG 5

- **Main tasks**
- **To implement pilot activities and to test them by finishing one cycle with students from all partner countries;**

Lifelong learning for sustainable agriculture in
Alps-Danube-Adriatic Region
